Conference Contributions

Affer L., Micela G., Morel T., *Spectral analysis of the stellar content of the North Ecliptic Pole Survey*, Non LTE line formation for trace elements in stellar atmospheres, Nice, France, 30 July – 4 August 2007 (poster)

Affer L., Micela G., Favata F., Flaccomio, 2008, *Analysis of rotation and stochastic variability*, at Second COROT CO-Is and GIs Meeting, Paris, 30 May 2008 (talk)

Albacete Colombo J.F., Micela G., Flaccomio E., Sciortino S. & Damiani F., *Deep Chandra X-ray view of the Cygnus OB2 Young Globular Cluster*, "The X-ray Universe 2005, 26-30 September 2005, El Escorial, Madrid, Spain, ESA Special Publication, 604, 65 (poster).

Albacete Colombo J.F., Flaccomio E., Micela G. & Sciortino S., *X-rays and winds in massive stars of Cygnus OB2*, Mass loss from Stars and evolution of stellar clusters - ASP Conference Series, Vol. 388, proceedings of the conference held 29 May - 1 June 2006, in Lunteren, The Netherlands. Edited by Alex de Koter, Linda J. Smith, and Laurens B. F. M. Waters. San Francisco: Astronomical Society of the Pacific, 2008., 388, 139 (poster)

Albacete Colombo J.F., Flaccomio E., Micela G. & Sciortino S., *X-raying massive OB stars of Cygnus OB2 region*, XXVIth IAU General Assembly 16 August - 25 August 2006, Prague, Check Republic (poster)

Albacete Colombo J.F. & Micela G. *X-ray analysis of the colliding wind massive binary FO15*, Proceedings of the "Massive Stars and High-Energy Emission in OB Associations", 4-7 July 2005, Liege, Belgium, Rauw G., Naze' Y, Blomme, Gosset E.R. eds, p.69. (poster)

Albacete Colombo J.F., Caramazza M., Flaccomio E., Micela G., Sciortino S., *Characterising X-ray variability in young low mass stars of the Cygnus OB2 region*, "14th Cambridge workshop on cool stars, stellar systems, and the Sun, 5-10 November 2006, Pasadena, California, USA, proceeding in CD. (poster)

Crespo-Chacon I., Garcia-Alvarez D., Montes D., Fernandez-Figueroa M. J., **Lopez-Santiago J.**, Jevremov'c D., Foing B. H., *Relaciones entre los par' ametros que caracterizan las fulguraciones en estrellas tipo UV Ceti*, in ``Highlights of Spanish Astrophysics IV". Proceedings of the VII Scientific Meeting of the Spanish Astronomical Society (SEA) held in Barcelona (Spain), September 12-15, 2006 in press. (poster)

Guarcello M., Prisinzano L, Micela G., Damiani F., Peres G., Sciortino S., *Stars with circumstellar disks in NGC 6611*, 2007, Poster presented at ``Star-disk interaction in young stars", IAU Symposium 243``, Grenoble, France, May 21-25, 2007, <http://www.iaus243.org>

Holmström M., Ekenback A. Selsis F., **Penz T.**, Lammer H., Wurz P., Micela G., *Stellar wind and magnetospheric parameters around the exoplanet HD 209458b*, Proceedings of the 7th International Conference on ``Problems of Geocosmos", St. Petersburg, Russia, in press, 2008. (poster)

Holmstrom M., Ekenback A., Selsis F., **Penz T.**, Lammer H., Wurz P., Micela G., *Stellar wind and magnetospheric parameters around the exoplanet HD 209458b*, 7th International Conference on ``Problems of Geocosmos", 26--30 May 2008, St. Petersburg, Russia.

Hudson H., Micela G., *Alternative Solar Paradigms for Stellar X-ray Activity*, "14th Cambridge workshop on cool stars, stellar systems, and the Sun, 5-10 November 2006, Pasadena, California, USA, proceedings in CD (poster)

Isola C., Favata F., Micela G., and **Hudson H.**, *An universal flaring mechanism from the Sun to the stars?*, MemSAIt, 2008, 79, 255 (poster)

Lammer, H., Terada N., Kulikov Yu. N., Lichtenegger H. I. M., Khodachenko M. L., and **Penz T.**, *Atmospheric erosion caused by stellar coronal plasma flows on terrestrial exoplanets within close-in habitable zones of low mass stars*, 14th Cambridge Workshop on Cool Stars, Stellar Systems, and the Sun (talk)

Lammer H., Terada N., Kulikov Yu. N., Lichtenegger H. I. M., Khodachenko M. L., and **Penz T.**, *Habitability of planets around low--mass stars*, International TPF/Darwin Workshop, 8--11 November 2006, Pasadena, USA, ASP Conference Series, Vol. 384, 303-312, 2008. (Invited Talk) .

Lopez-Santiago J., Micela G., Della Ceca R., Braitto V. *The stellar content of the XMM-Newton Bright Serendipitous Survey*, Proceedings of the "The X-ray Universe 2005", 26-30 September 2005, El Escorial, Madrid, Spain. Ed. by A. Wilson. ESA SP-604, Volume 1, Noordwijk: ESA Publications Division, ISBN 92-9092-915-4, 2006, p. 95-96 (poster).

Lopez-Santiago J., Micela G., Sciortino S., Favata F., *The Young Stellar Populations in the Solar Neighbourhood*, 2006, in ``Highlights of Spanish Astrophysics IV". Proceedings of the VII Scientific Meeting of the Spanish Astronomical Society (SEA) held in Barcelona (Spain), September 12-15, 2006 in press. (poster)

Lopez-Santiago J., Micela G., Sciortino S., Favata F., *The Young Stellar Population in the Solar Neighbourhood*, invited talk in the ``IAU XXVith General Assembly" held at Prague (Czech Republic) from 14 to 25 August, 2006. Memorie della Societa Astronomica Italiana, v.77, p.1081 (2006). (invited talk)

Lopez-Santiago J., Stelzer B., Micela G., Sciortino S., *X-ray variability in main sequence field stars*, in the ``14th Cool Stars, Stellar Systems and the Sun workshop", held at Pasadena (USA) from 6 to 10 November, 2006, Proceeding in CD (poster)

Lopez-Santiago J., Micela G., Sciortino S., Favata F., *Young stellar populations in the solar neighbourhood*, in the ``50 Congresso della SAI", held at Torino, May 2006

Micela G. *The stellar high energy radiation from the pre-main sequence to the solar age*, European Planetary Science Congress 2007, 20-24 August 2007, Potsdam, Germany (invited talk).

Micela G. *Extreme high energy events in stars*, European Planetary Science Congress 2007, 20-24 August 2007, Potsdam, Germany (invited talk).

Micela G., and Caramazza M., *Active stars: quiescent coronae or continuous flaring?*, 2008, MemSAIt, 79, 266 (poster)

Micela G., Favata F., Giardino G., Sciortino S. *Probing acceleration mechanism of non-thermal electrons in young stellar objects*, 2008, 79, 264 (poster)

Montes D., Martinez-Arnaiz R., Maldonado J., Roa-Llamazares J., **Lopez-Santiago J.**, Crespo-Chacon I., Solano E. *Criteria for spectral classification of cool stars using high resolution spectra*, in ``The

Virtual Observatory in Action: New Science, New Technology, and Next Generation Facilities", 26th meeting of the IAU, Special Session 3, 17-18, 21-22 August, 2006 in Prague, Czech Republic, SPS3, 30. Highlights of Astronomy, Volume 14, p. 598-598. (poster)

Penz T., Erkaev N. V., Kulikov Yu. N., Lammer H., Micela G., Langmayr D., and Biernat H. K., *Evaporation of close-in giant planets due to intense XUV radiation*, *Proceedings of the Workshop on Auroral Phenomena*, 2007, Kola Science Center, Russian Academy of Science, Russia, 177--180 (poster)

Penz T., Erkaev N. V., Cecchi-Pestellini C., Kulikov Yu. N., Lammer H., Ciaravella A., Micela G., Langmayr D., and Biernat H. K., *Host star influence on the atmospheric evolution of "Hot Neptunes"*, 2006, International TPF/Darwin Workshop, 8—11 November 2006, Pasadena, USA (talk)

Penz T., Erkaev N. V., Kulikov Yu. N., Lammer H., Micela G., Langmayr D., and Biernat H. K., *Evaporation of close-in giant planets due to intense XUV radiation*, 2007, Physics of Auroral Phenomena, 27 February--3 March 2007, Apatity, Russia, in press (talk)

Penz, T., Erkaev N. V., Kulikov Yu. N., Lammer H., Micela G., Langmayr D., and Biernat H. K., *Close-in gas giant evaporation due to intense XUV radiation*, 2007, European Geosciences Union General Assembly, 15--20 April 2007, Vienna, Austria (talk).

Penz T., H. Lammer, N. V. Erkaev, Lichtenegger H. I. M., Cecchi-Pestellini C., Ciaravella A., Micela G., and Biernat H. K., *Atmospheric stability of moons orbiting exoplanets in habitable zones*, 2006, 6th European Workshop on Astrobiology, 16—18 October 2006, Lyon, France (talk)

Penz T., Micela G., Lammer H., Kulikov H. I. M., and Erkaev N. V., *Stellar XUV radiation impact on atmospheric mass loss from close-in gas giants*, European Planetary Science Congress 2007, 20-24 August 2007, Potsdam, Germany (talk).

Penz T., *Exosphere formation time and X-ray/EUV induced atmospheric loss of exoplanets*, 1th team meeting "Evolution of Exoplanet Atmospheres and their Characterisation", 17-19 March 2008, International Space Science Institute, Bern, Switzerland. (talk)

Penz T., Ciaravella A., Erkaev N. V., Cecchi-Pestellini C., Kulikov Yu. N., Langmayr D., Lammer H., Micela G., and Biernat H. K., *Stellar radiation induced mass loss from short-periodic gas giants: Modelling of long-time thermal evaporation*, European Planetary Science Congress 2006, 18—22 September 2006, Berlin, Germany, p. 570.(poster)

Penz T., Micela G., and Lamme H. , *Influence of stellar X-ray luminosity evolution on exoplanetary mass distributions*, 7th European Workshop on Astrobiology, 22—24 October 2007, Turku, Finland (poster).

Penz T., Wuchterl G., Micela G., Lammer H., Guarcello M. G., Kulikov Yu. N., *On the formation and loss of exospheres of short-periodic exoplanets*, European Geosciences Union General Assembly, 13-18 April 2008, Vienna, Austria. (poster)

Penz T., Wuchterl G., Micela G., Lammer H., Guarcello M. G., Kulikov Yu. N., *On the formation and loss of exospheres of short--periodic exoplanets*, Transiting Exoplanets, IAU Symposium No. 253, 19--23 May 2008, Cambridge, USA. (poster)

Prisinzano L., Micela G., Flaccomio E., Stauffer J. R., Rebull L., Megeath T., Robberto M., *X-ray properties of protostars in the Orion Nebula Cluster: preliminary results*, 2007, Poster presented at ``Star-disk interaction in young stars'', IAU Symposium 243``, Grenoble, France, May 21-25, 2007 (poster) <http://www.iaus243.org>

Submitted papers

Caramazza M., **Drake J.**, Flaccomio E., Micela G., *Hard X-ray Flux from Low-Mass Stars in the Cygnus OB2 Association*, 2008, A&A, submitted

Cecchi--Pestellini C., A. Ciaravella, G. Micela, and T. **Penz**, *The relative role of EUV radiation and X--rays in the heating of hydrogen--rich exoplanet atmospheres*, A&A, submitted, 2008.

Lopez-Santiago J., Micela G., Montes D., *The X-ray properties of the young stellar kinematic groups: quantifying the contamination by old main-sequence stars*. 2008, A&A submitted.

Papers in preparation

Lopez-Santiago J., Crespo-Chacon, I., Reale, F., Micela, M., *A long duration flare rise-phase in TWA 11B: large loop structures and arcades in a `not so young' M star*. 2008, ApJ, in preparation.

Approved Proposals

Albacete Colombo J.F., G. Micela, E. Flaccomio, S. Sciortino, F. Damiani, *Deep optical and IR photometry of the Cygnus OB2 young globular cluster*, Telescopio Nazionale Galileo (TNG), Period: AOT12 Instrument: (Dolores optical imaging camera, NICS infrared camera)

Lopez-Santiago J., Micela, G., Affer, L., *Stellar birthrate in the solar vicinity in the last billion years through X-ray selected stars*, 2006, La Silla, ESO.

Lopez-Santiago J., Micela G., Affer L., *The nature of the stellar population of the XMM-Newton Bright Serendipitous Survey*, 2007, Telescopio Nazionale Galileo.

Lopez-Santiago J., Micela G., Affer L., 2006, *The 32 Ori association: a test for the star formation history in our vicinity*. XMM-Newton AO-6.

Lopez-Santiago J., *The nature of the stellar population of the XMM-Newton Bright Serendipitous Survey*, 2008, Telescopio Nazionale Galileo.
